uvex impact 100//60958

Description

The perfect gloves for highly demanding activities in damp and oily conditions. Created for harsh applications, with slip-on gauntlets, extra padding on palm area, protectors on the back of the hand to protect knuckles against impact as well as reinforcements on the finger joints for added protection. In addition, the material used for the palm area offers excellent grip in wet and oily conditions. The loop on the slip-on gauntlets allows wearers to quickly put on and remove the gloves.

Characteristics

- good abrasion resistance
- excellent fit
- Identification label on gauntlets
- Reflective elements on the back of the hand
- Very good grip in wet and oily conditions
- Protectors provide extremely good protection against crushing and impact
- reinforced crook of the thumb

Applications

- tasks with extreme mechanical stress
- mining
- drilling
- durable tool pushing
- oil and gas industry
- heavy construction
